The Active Audience Paradigm

- Stuart Hall: encoding-decoding
- John Fiske: polysemy
- Sonia Livingstone: active audience
Technological Transformations
Modes of Appropriation

- Cultural Objects
- Technology
- Media Texts
Appropriation of News: Framing
Appropriation of News: Aggregation
Appropriation of News: Distribution
Defining Online Engagement

Minimalist: constructing meaning
Maximalist: producing meaning

Citizenship / Engagement
Example: Alhambra Source

ALHAMBRA SOURCE

How does Alhambra’s City Manager’s salary rank?
Attorney General Brown has vowed to look into city manager salaries of more than $300,000. More than 16 managers make that much in California — but not in Alhambra.

September 21, 2010

Can a cop talk on a cell phone? What’s going on with recycling thieves?
The Alhambra Source starts a new series today where we ask your questions to the Alhambra Police Department.

September 16, 2010

High-Speed Rail Authority promises no schools would be affected
A representative of the high-speed rail that would connect San Francisco to San Diego and may run on or near the 10 Freeway assured AUSD authorities that no schools would be in its path.

by Kerrie Gutierrez, Community Contributor, September 15, 2010

New steps in opposition to High-Speed Rail
A meeting with a representative will be held tonight, and a regional meeting will be held October 6
